**TRANSFORMING EDUCATION, WITH KEMET ONLINE**

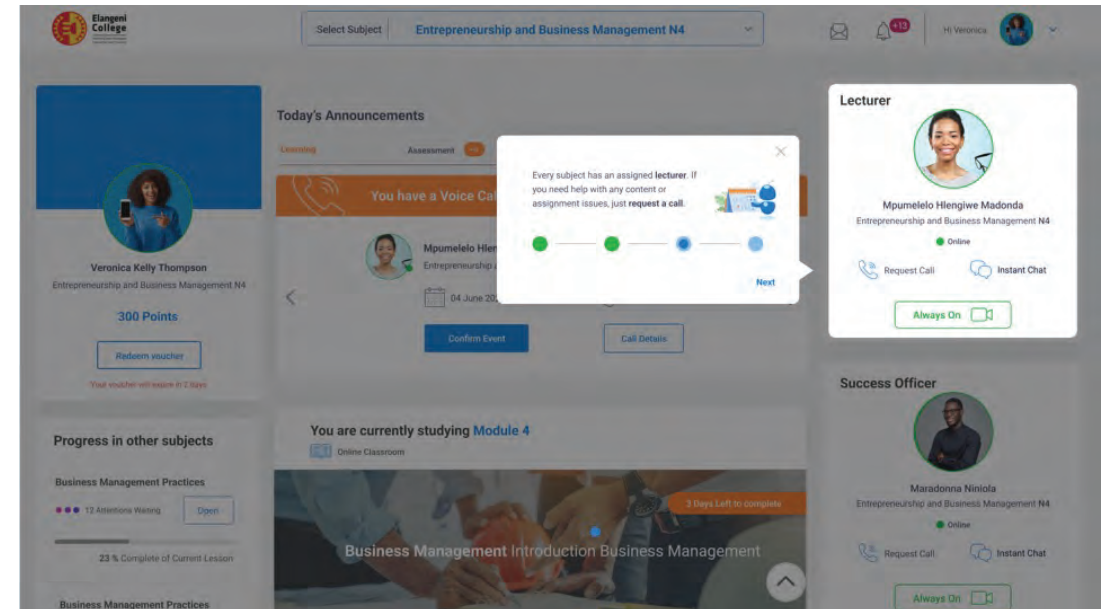

## Effortless Onboarding & Orientation

First days are hard, especially in a new environment. But what if you could skip the tedious administrative tasks? Our platform takes care of profile creation, class setup, and student orientation, freeing you up to focus on what really matters—learning and teaching.

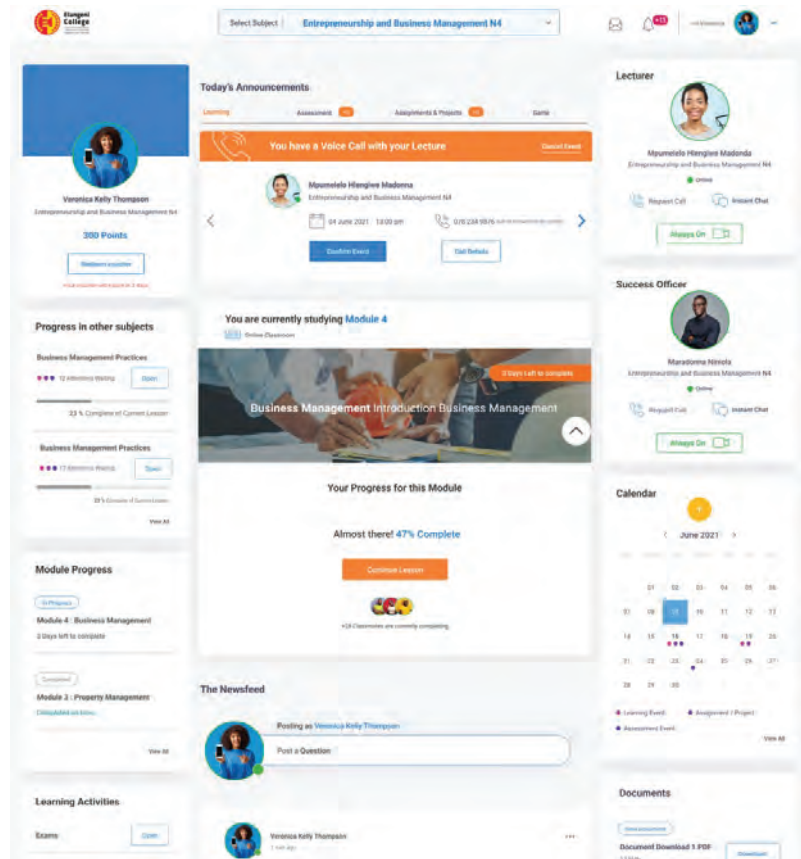

## Seamless Accessibility for Everyone

Imagine a virtual campus that is so intuitive, it feels like a physical one. Kemet Online brings education right to your doorstep, ensuring that everyone—students, faculty, and administrators—can participate without worrying about data costs. It's education, democratised.

## An All-in-One Teaching & Learning Hub

Say goodbye to disjointed systems and platforms. Kemet Online offers a unified teaching experience, complete with interactive classes, scheduled assessments, and robust learning resources. And let's not forget the automated reminders and attendance tracking to keep everyone accountable.

The dashboard provides a central hub for students, featuring:

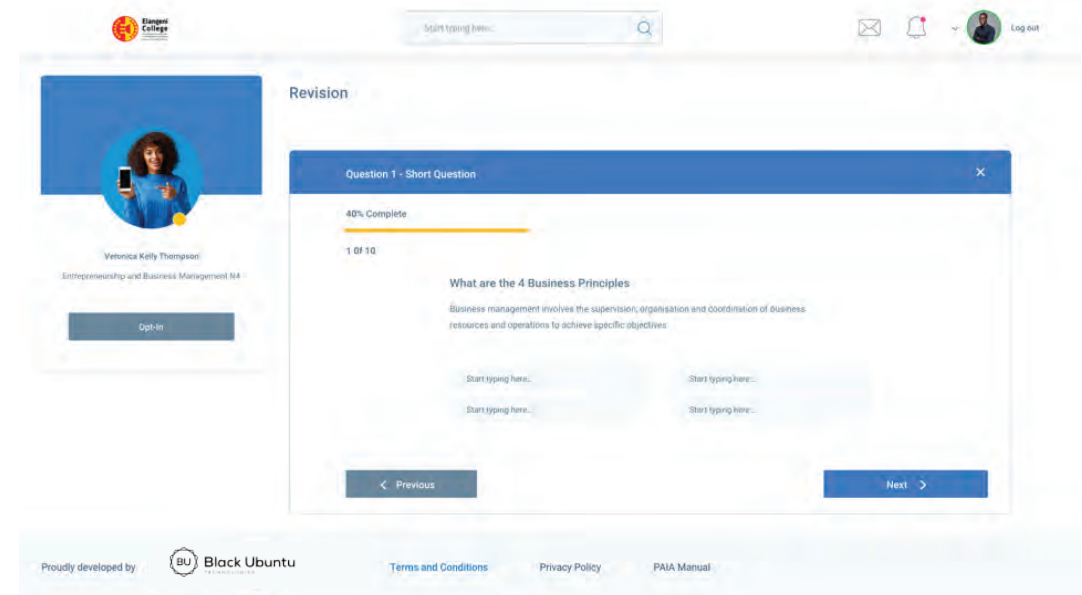

- Today's Announcements:** A notification for a voice call with the lecturer, Mphahlele Hengiso Madema.
- Progress in other subjects:** A section for tracking progress in Business Management Practices, showing 23% completion of the current lecture.
- Module Progress:** A detailed view of Module 4 (Business Management) with a progress bar at 47% completion and a 'Continue Lecture' button.
- The Newsfeed:** A social-style feed for interacting with lecturers like Veronica Kelly Thompson.
- Learning Activities:** A section for exams and other learning tasks.
- Calendar:** A monthly calendar for June 2021, highlighting upcoming events.
- Documents:** A section for downloading documents, such as a PDF (1.15 Mb).

## Elevate Engagement to a New Level

Learning isn't just about hitting the books; it's about forming connections. With Kemet Online's social features, students can interact with peers and faculty in a way that feels as real as face-to-face communication. From video calls to real-time chats and social feeds, we've got your community building covered.

## Advanced Assessment Tools

Move beyond the traditional ways of evaluating understanding. Our platform provides diverse assessment capabilities, from online assignments and projects to formative quizzes and automated, personalised revision plans. We make it easier to gauge progress and provide timely feedback.

The assessment interface includes:

- Revision Section:** A dedicated area for reviewing content, currently showing a 'Short Question'.
- Progress Tracking:** A progress bar indicating 40% completion of the question.
- Question Content:** The question text: 'What are the 4 Business Principles?' followed by a brief definition of business management.
- Input Fields:** Multiple text input fields for providing answers, each with a 'Start typing here...' placeholder.
- Navigation:** 'Previous' and 'Next' buttons for navigating between questions.
- Footer:** A footer with 'Proudly developed by Black Ubuntu' and links to 'Terms and Conditions', 'Privacy Policy', and 'PAIA Manual'.

## Real-Time Monitoring & Reporting

Knowledge is power, especially when it comes to education. Our platform's data analytics give you a real-time pulse on student engagement and academic progress. Whether it's catching early warning signs or understanding curricular effectiveness, our insights make you more responsive.

## Never Miss a Help Request

Every cry for help deserves an answer. Our immediate notification and escalation features ensure that any student facing difficulty will get timely assistance, keeping them engaged and less likely to drop out.

## Accredited & Diverse Content

Quality learning needs quality content. Our platform offers a rich variety of accredited course materials to make the learning experience as comprehensive as possible—from interactive course content to digital book versions and supplementary notes.

## Student Wellness Support—Because Every Mind Matters

Education is stressful; we get it. That's why Kemet Online incorporates wellness tools right into the platform. Screenings, counselling appointments, and support resources are all just a click away, helping students stay balanced and focused on their educational journey.
